Summer is a special time and The Pennfield School offers a memorable camp experience for children ages 3–14.

The Pennfield School is an ideal spot for your child to spend summer vacation. We recognize the importance of fun, friendship, and the need to stay active. Our programs are designed to provide new experiences and exciting learning opportunities.

Our beautiful 19-acre campus features playgrounds, athletic fields, an art studio, gymnasium, and an air-conditioned library and computer lab. Instruction is provided by Pennfield faculty and area educators chosen for their expertise in the classroom and on the playing field.

We look forward to sharing a fun-filled summer with your child.

Warmly,

Diane Campagna
